

❖ INFORMATION TECHNOLOGY (IT) INTEGRATION IN THE EXAMINATION MANAGEMENT SYSTEM - AN OVERVIEW

The University gives priority to on-time evaluation and quality assessments in its teaching and learning processes. It has updated its examination procedures and implemented a transparent and effective internal assessment system.

The examination system has been digitized and automated using the University's EMS (Examination Management System). Integrating it in ERP has led to significant improvements in accuracy, efficiency, security, and environmental impact.

Established by Gujarat Private Universities Act 2009
