

SILVER OAK UNIVERSITY

Silver Oak College of Nursing

Bachelor of Science (Nursing)

Course Name: Elective Module -Human Values

Course Code:1060323236

Semester: 4th

Prerequisite:

Previous coursework in ethics, philosophy, or related fields may provide a foundation for understanding ethical theories and principles that are relevant to the study of Human Value. Courses in psychology or sociology may provide insights into human behavior, beliefs, and values that can be relevant to the study of Human Values.

Course Objective:

1. To help students to develop knowledge and attitude towards inculcating human values
2. To help students to study human values can contribute to personal growth, self-awareness, and an enhanced sense of ethical responsibility towards others and the world
3. To help students to understand the principles and beliefs that guide human behavior, decision-making, and interactions with others.
4. To help students to promote a greater understanding and appreciation for the diverse perspectives and values that shape our shared human experience.
