Dissertation Phase I review shall be carried out by the review committee.

The students are required to prepare a written report of their work and present it, based on which they shall be examined by the review committee.

Dissertation Phase I reports should include following:

- Literature Review citing at least 4-5 papers.
- Scope of thesis work. Wireless Communication Systems, Signal Processing, Photonics and Optoelectronics
- Work Plan for various stages including Dissertation Phase I and Phase II.
- Number of visits to industry/ experts along with their full details and purpose.
- Thesis Work done so far.

The report should be submitted at the time of Dissertation Phase I examination, along with a detailed Power point presentation of work done. At least 40% work should be completed at the time of examination.
